Dear Brother/Sister,

An Urgent Appeal for the Completion of International Conference Building

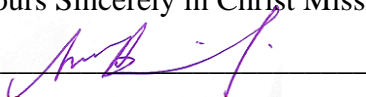

We are grateful for your generous response to the appeal for the construction of the International Conference Centre in 2023. The International Conference Centre is a multi-purpose centre for both accommodation of pilgrims and retreatants, offices for various equipment, radio and television stations for media evangelization, conference hall; approximately 200 rooms in capacity. The conference centre will be a three-storey building. With your generous support in 2023, the first decking is almost complete as you can see in the picture below.

The first decking is half done and we have spent a lot of money on the wood. It will cost about \$50,000 to complete the decking work. At present we have exhausted all the funds in our account for the work and we are concerned that the current state of the building will attract double costs if it is not completed in the next month before the rainy season. It is with this in mind that we make an urgent appeal to you to support the project to the best of your ability.

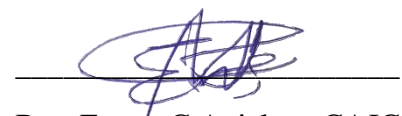

The total estimated cost to complete the project is \$1,341,149 due to the current inflation in the country. To the glory of God, we have completed over 15% (\$201,172.35) of the project as you can see in the picture. We are now looking for the remaining 85% (\$1,139,976.65) of support to complete the project. This conference centre project precedes the temple project as instructed by our Lord. On 5th February 2004, our Lord instructed: "Barnabas, after you have cleared and surveyed the land, I mean, before you can enter fully into any of the plans that I have given you, you shall have your home and your office here [He pointed to the place]. You are to do this to maintain the structure of this devotion. If you find any of my children who can take up this work alone, you may proceed with the rest of the appeals without delay." Hence, we cannot start the temple project until the conference centre (the office) is completed. The conference centre is an obstacle to starting the temple project.

We will be very grateful for any support you can afford. We keep you and your family in our prayers that the promise of the agonising Jesus Christ to the benefactors of His projects will be fulfilled in your life for the glory of God and the salvation of souls.

Yours Sincerely in Christ Mission,

Bro. Barnabas I. Nwoye CAJC
Leader of the Apostolate

Bro. Ernest C Aniekwe CAJC
Secretary
